

## The Quarterly Publication of the Godzwa Family, Missionaries to the Yucatán Great Opportunity but Tremendous Urgency

During our past term, we saw great strides made in ministry among the Maya. While we're thankful for what has been accomplished, we're even more excited about the future now that we see some key pieces falling into place regarding our vision of filling the Yucatan with churches.

Partnering with then missions director, Felipe Sabido, we understood that carrying this vision to its fulfillment would require specialized training. To that end, we put in place a curriculum prior to our departure from the field.

What had escaped us, however, was a means by which our students could be awarded Bible school credit toward their credentialing

### Halfway There...

A half is in the bag, but there's still much more to be done! I ran a simulated half marathon last month as a huge step toward the 26.2 mile race that I'm running to return us to the field ASAP, but much more work remains.

process. That enigma was solved last month as Felipe was named Bible school director for the next four years. We now see the potential to accelerate our start-up phase.

Still, this positive development has had consequences. Felipe's movement leaves behind a missions department with a lack of experienced leadership.

That includes running a few more 20 mile training runs and gaining your support. If you're still sitting on the sidelines, follow the link to help us make this marathon our most successful ever! More @ <http://bit.ly/1AZjfv1>

### Relate

Itineration may be in full swing, but that doesn't mean that life stands still for our dynamic threesome. School has been in session since August 14th, with Rebekah in 10th grade, Joseph in 8th and Jonathan in 6th, all in Willard Schools. Go Tigers!

Leonardo May, the present director is capable but has only one year in the department.

We hope that you can appreciate, then, the sense of excitement, as we look forward to these opportunities but, at the same time, urgency to return and support those who are at the vanguard of bringing this vision to fruition.

### Connect

We still have spots available to connect with your church, but time is running

out! Scan the QR code or hit the link to schedule with us today:
