

Summer 2015

The Quarterly Publication of the Godzwa Family, Missionaries to the Yucatán

Tools for Transformation

Have you ever tried to tackle a job, only to find out that you're missing the proper tools to do the work successfully? Maybe it was the oil change that you tried to handle with just a crescent wrench and a bucket or that IKEA furniture that you tried to assemble with only the allen wrench provided.

As we prepare to go back to Mexico to realize the vision of the Yucatán peninsula full of churches, we want to ensure that we have the proper tools in our ministry toolbox to handle the job. That's why, this April, Kelly participated in Health Care Ministries' Community Health Education Training Seminar (CHE).

More than simply places of worship, the church can be a

catalyst for community transformation, but without involvement in the community, such potential can never be achieved.

Community Health Education puts tools in the hands of church planters that help them lead the communities that they serve

into assessing their needs and collaborating to meet them, leveraging their own resources to do so.

Following the vision, implementing the mission and utilizing tools such as CHE, we feel increasingly confident that our upcoming term will be a success!

Relate

School's out for summer, which means that our gang is looking for every opportunity to enjoy their last days in the US. Rebekah traveled to Jefferson City, MO to perform with the Willard HS Drama Team to raise awareness for water conservation, while Joseph and Jonathan took part in SOMO District Youth Camp. With MK Summer Retreat in June and travel to PA in July, they're sure to get their wish!

MK meet up!

The Finishing Touches

Eleven months, more than 37,000 miles, and one close encounter with a deer later, we've connected with over 90 churches and individuals who have helped us reach 98% of our monthly support budget

while completing our cash budget requirement!

Pray with us and join us today as we put the finishing touches on this, the last month of our itineration cycle!
