

## The Quarterly Publication of the Godzwa Family, Missionaries to the Yucatan

### They Came Together

What do a Rolla missions team, the church of *Senda de Vida*, the Godzwa family, fellow missionary Nicky Rider, and our supporters have in common? They came together to minister both physically and spiritually to advance the Kingdom of God in the city of Tekax (Tay-cash') during Easter week 2018. It was a beautiful mix of young and old, experienced and inexperienced, new-comers and old friends.

Although, at times, a particular individual may "stand out" in ministry, this was an occasion where a body of believers was able to blend

together - to bless, and, in turn, be blessed. You, our supporters, make it possible for us to live and work here in Mexico. A school break allowed us to make Tekax our temporary home so the whole family could pitch in. Nicky provided valuable construction expertise. While the team from Rolla First invested not only their

resources but themselves as well, striving to meet the need despite the cultural barriers. These elements, combined with the united vision to see progress on the new church building and to bless the community, made the week particularly fruitful. As a result, the vision to fill the Yucatan with churches moves forward.

### Relate

Life moves on for the Godzwa family siblings as Rebekah, a sophomore at Evangel, is spending June helping MKs during Missionary Training. Joseph, now a senior in high school, is preparing for the ACT, and Jonathan graduates from *secundaria* to move into the 10th grade.

### Get Involved

We're beginning to schedule for our 2019-2020 itineration period, which starts in August of 2019. To schedule us, follow the link: <http://bit.ly/TbmLBB> or scan the code.

### A Church Planting Encounter

This spring gave Dave the chance to teach church planting concepts at *Instituto Bíblico Bethel* to second and third year students, eight of whom are due to be launched into ministry this summer! During their two months together, they elaborated

detailed plans to begin new works and studied existing churches to highlight obstacles to growth and find ways to overcome them. One of the students had a chance to sit down with Dave to talk about his experience. You

can watch the video @ [youtu.be/GODNzgDfR4s](https://youtu.be/GODNzgDfR4s)
