

## The Quarterly Publication of the Godzwa Family, Missionaries to the Yucatan

### The Makings of a Breakthrough

Breakthroughs—they're defined as sudden, dramatic, and important discoveries or developments. Some may describe one as their "big break," a "favorable turn of events" or perhaps even "a miracle."

Interestingly though, in the Bible, we see what's often missing in the modern accounts. Its stories include the human element—the relationships, effort, and faith necessary to make the breakthrough possible. It's hard to imagine the Exodus without a Moses or the expansion of the Gospel without a Paul. Even in a

miracle as great as salvation, we find God's power at work through humanity.

We believe that we are on the verge of a breakthrough, a point of acceleration in the fulfillment of our vision of the Yucatan full of churches. In the coming months, we want to tell the story of the makings of that

breakthrough. We'd like to bring you the testimonies of those individuals, ordinary people like you and us, through whom God is working to make that possible. So, if you're not already subscribed to our monthly newsletter, take a moment and sign up today @ <http://s1.ag.org/prayer-partner>.

### Relate

Summer brought with it the opportunity for our three to be reunited for their first trip north of the border. Yes, you read that correctly. Rebekah, Joseph, and Jonathan (along with their parents) traveled to Ontario for their first view of the Falls from the Canadian side.

### Hitting the Books

The fall season means back to school for the Godzwa family. While Rebekah, Joseph, and Jonathan are headed to college and high school in search of degrees, Kelly and Dave are back at *Instituto Bíblico Bethel* (IBB) to

train leaders. Dave is introducing 19 students to God's heart for the nations in Missiology (above), while Kelly (right) is spending time organizing and computerizing the library to

facilitate their access to important resources.

### Get Involved

We're scheduling for our 2019-2020 iteration period, which starts in August of 2019. To schedule us, follow the link: <http://bit.ly/TbmLBB> or scan the code.
