Expanding Our Vision

Just how big is our vision?

That's the question that we asked ourselves during a visit by the missions leadership of the Mexican A/G last month.

During the trip, we drove to the community of Yaxcabá and listened to Miriam Pech explain what God had given her to accomplish. Unable to have children of her own, she felt God tell her to raise up spiritual children.

What's her goal? It's to form groups of believers in 10 communities; she's already established a presence in 7 of those. In our afternoon with her, we got a chance to visit four of those communities, all the while hearing Miriam speak of the villages still to be reached.

It was impossible not to respond to Miriam's faith. Since that afternoon, we've taken time to consider the vision that God would have us communicate during our upcoming time of itineration.

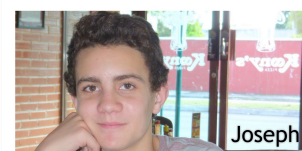

What was the result? *We believe that God has given us the vision of the Yucatán*

peninsula full of churches diverse in class, status, education, and language, but united in their love for the Lord and each other.

Our trio of adolescents is showing their artistic talents: Rebekah starred in the school play *From Fury to Freedom*. Joseph played in his first guitar concert, and Jonathan continues to excel in his keyboard classes.

Itineration 2014-2015: Achieving the Vision Together

We're headed back to the US to share with churches and individuals the opportunity to participate in an effort to make our renewed vision a reality.

What God is asking of us is too big for us to achieve on our own. That's why we're

partnering with Mexicans to plant churches. That's also why we're looking to you for your strong support.
