The Quarterly Publication of the Godzwa Family, Missionaries to the Yucatan

Making Dreams Come True

In its nearly 70 year history, the Assemblies of God Bible School in Merida, *Instituto Bíblico Bethel* has seen its share of difficulties. Having to vacate its borrowed facilities in 1984, it found itself for a time moving from church to church before it came to its present home in 1986. Still, it soldiered on, dedicated to its continuing task of ministerial formation which began in 1947. Nevertheless, the lack of adequate facilities continued to make that task difficult.

For this reason, in 2008, then Bible School Director, Silverio Blanco asked for our help to provide a solution. He dreamed of the time that *Bethel* would have ample space to carry out its mission of training pastors and

missionaries. He looked to the day when it would have the classrooms, library, and cafeteria to serve its expanding student population.

Now, eight years later, thanks to your involvement, that dream is becoming a reality! Through your prayers, giving, and, for some of you, your physical labor, those spaces have taken shape. The kitchen and cafeteria are fully equipped. Administrative

offices been installed on the lower level, and, as of August 27th, the library has been wired, tiled, and enclosed with windows and doors, just in time to receive a new shipment of books from Latin America/Caribbean Library Services! So thank you! Through your support, you're making dreams come true.

Relate

Yes the the new school year has begun: Rebekah and Joseph are studying hard at home, while Jonathan enters eighth grade at Calvary Christian School, but don't worry! Summer did happen for our MKs! They accompanied us on a trip to Boca del Río, Veracruz, where in November the A/G of Mexico will be celebrating its General Council. Below, you can see them enjoying time in Parque La Venta, Villahermosa, Tabasco.

United in Church Planting

We're elated about the recent developments in our vision of seeing the Yucatan full of churches! Since our session in June, we've been invited to take the program district-wide in February!

Pray for us: our advance training of the Evangelism and Missions departments begins September 17th, while a church planters' retreat is in the works for October 20th-22nd.
