Going Beyond

Since 2006, we've lived in Mérida, Mexico, working to fulfill a vision of the Yucatán Peninsula full of churches, diverse in class, status, education and language, but united in their love for the Lord and one another.

The Vision Lives On

And the vision of the Yucatán full of churches? It lives on. Not only does the newly elected evangelism team have experience with the *Red de Multiplicación* materials that we used, but they've also been connected

partnering with missions teams to resource significant facility improvements at IBB in addition to advancing or completing construction projects on church buildings in Tekax, Kiní, Kopté, and Sotuta.

into a national church planting structure that is set to go online this summer. As we said our goodbyes at the district convention last month (photo right), we felt confident that the work that we had accomplished would be

accept the appointment of the Executive Committee of the Assemblies of God World Missions as Area Directors of Mexico. In accepting this position, we have the privilege of collaborating not only with the national leadership of the A/G in Mexico (photo above) but also coordinating the ministry of the 24 missionary units serving in Mexico.

Relate

The photo says it all! This May, Joseph successfully concluded his high school career and will be making his way to Springfield, MO to study psychology at Evangel. He'll be joining Rebekah there as she returns this fall for her junior year. Jonathan, meanwhile, will be attending Central High as a junior.
