## Increased Engagement for Service and Support

With the relaxing of pandemic protocols, we've been able to increase our travel and engagement with both the national church and the missionaries that we serve. Following our prayer retreat with the Latin America Caribbean (LAC) Leadership Team, we hit the road in our Speed the Light vehicle to Leon, Guanajuato, the setting of last year's General Council, to attend the National Women's Conference. There, Kelly joined the group of 6,000 ladies from across Mexico that was inspired and equipped during the three-day event (top photo). We were also able to appreciate the creativity of fellow missionary, Angela Hogan, who designed and coordinated the creation of the traditional cross-stitch scenery pieces for the event.

Closer to home, in Mexico City, we've found how our proximity to the national offices has given us the opportunity to cultivate key relationships. During the Executive Presbytery meetings in early February, Dave was able to meet with the newly elected national missions director,

Abiud Montoya, and secretary, Honorio Andrade (bottom photo), to discuss ways in which we can help them to develop their department and increase their impact both nationally, among unreached people groups, and internationally.

Among the missionary body, we've begun a focus on soul care, and Kelly has been leading several of the ladies of the Mexico Missionary Fellowship (MMF) through the Emotionally Healthy Spirituality Course (EHS). EHS is designed to promote holistic transformation in areas that are sometimes neglected in traditional discipleship programs, and the women of the MMF are enjoying the meaningful ministry in their own lives and the access to the tools they'll be able to share with others. Dave also joined the LAC training team to teach the Bible in Ministry competency during candidate orientation in Springfield, MO, March 5th-11th (middle photo).

**An answer to our prayers:**

On March 9th, the

national church leadership accredited the Baumtrogs opening the door to their ministry in Mexico City and approved the ongoing work of the Kazims and Hazelriggs.

### Marathon

**road trip:** Candidate orientation in the US gave us the opportunity to travel with our kids to Little Rock, AR where they helped cheer Dave on to his 14th marathon finish.
