Stepping into Our Most Pivotal Role—With Your Help!

This month marks one year since we returned to the U.S. for itineration—and what a year it's been! With **96 meetings** and **15,655 miles** added to our faithful Chevy Malibu, we've been actively engaging churches and individuals to respond to the Great Commission through praying, giving, and going. **But this advocacy hasn't happened in a vacuum.**

In October, a significant shift took place as our leadership role expanded from overseeing AGWM efforts in Mexico alone to directing the **Northern Triad Area (NTA): Mexico, Cuba, and the Dominican Republic.** In response, we've spent recent months building relationships with national church leaders, visiting missionary teams on the ground, and working to bring clarity and unity to this larger and more diverse area.

We've also continued serving on the **Global Resource Training Team**, collaborating on a complete redesign of AGWM's global worker (GW) training. This year's overhaul reduced redundancies,

introduced fresh resources, and laid a stronger foundation for lifelong development. This month, **91 new GWs** will begin their formation journey through a two-week intensive, while **101 veterans** return to participate in a brand-new debrief and resourcing experience. This investment is crucial for long-term fruitfulness and sustainability.

But even as we step into what may be the most pivotal role of our missionary career, we still face a significant financial gap:

- **78% of our operational fund**—about **\$55,000**
- **The remainder of our monthly support—\$2,139/month**

We're asking: **Would you help us meet this moment?**

Your partnership—through giving, prayer, or connecting us with others—empowers us to lead effectively, serve faithfully, and strengthen the advance of the gospel across the Northern Triad and around the world.

We value your continued collaboration. Thank you!

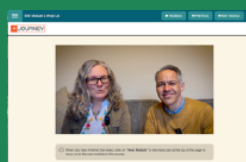

Off to advocate in Scott City, MO! We've had dozens of similar moments in our Malibu since June 2024.

On the ground in the Dominican Republic (DR)—We joined Jamie and Berly Bello, leaders of the DR GW team, during their national convention.

We support a team of 69 missionaries in the NTA while we train the next generation of GWs like these going into all the world!

Bible in Ministry (BiM) online course is live!

Last fall, we mentioned the

creation of an online component of the BiM training we provide to new GWs. After weeks of shooting, editing, assembling, and testing, new personnel are actively watching the content and completing the exercises!

Mother's Day weekend was epic, starting Friday with celebrating Jonathan's graduation from MSU. We got a surprise visit from Rebekah and Luke, so we wished Luke a happy birthday on Saturday and attended church together on Sunday.

Help us meet this moment!

Scan the QR code or use the link, <https://s1.ag.org/moment>, to start or increase your monthly support, contribute to our operational fund, or connect us with others.
